SACRAMENTO NEAR-DEATH EXPERIENCE MEETING ON JANUARY 14, 2019

Free, Monthly, and Open to the Public with Guest NDE Speakers

SACRAMENTO, Calif., December 14, 2018 -- The monthly Sacramento Near-Death Experience (NDE) Meeting is a support and discussion group, and a local chapter of the International Association for Near-Death Studies (IANDS.org), continues on January 14, 2019, 7pm - 9pm, at 2791 24th Street, Room 10, Sacramento, CA 95818, located at the [Sierra 2 Center for the Arts and Community](#). Admission is free and open to the public; but space is limited. So be sure to reserve your seat soon by contacting Sacramento IANDS Group Leader [Michelle Kuret](#) through the Sacramento NDE website at www.SacramentoNDE.com. Donations are welcome; as much as your heart desires.

Sacramento IANDS provides regular guest NDE speakers, many of whom are internationally well known. We provide a learning environment for sharing and discussing near-death experiences, out-of-body experiences (OBEs), and other spiritually transformative experiences (STEs).

The [International Association for Near-Death Studies](#) is an educational nonprofit organization whose mission is to provide the most reliable source of information in the field of near-death studies, and to serve as a common forum and community for experiencers and interested people of all walks of life, religions, and cultures. It is the only group of its kind in the world. The purpose of IANDS is to promote responsible, multi-disciplinary exploration of near-death and similar experiences, their effects on people's lives, and their implications for beliefs about life, death, and human purpose. IANDS publishes a peer-reviewed scholarly journal and a member magazine, sponsors conferences and other events for near-death studies, maintains an NDE information-rich website, and encourages the formation of regional discussion and support groups just like the Sacramento IANDS Group. In short, IANDS has helped change the public perception of what it is like to die.
